

# PNEUMATIC TORQUE WRENCHES

Pneumatic nut runners from Plarad are especially designed for a variety of tasks, including extremely critical applications in the oil and gas industry or in mining. The Plarad DPM with manual 2-speed gearbox and the Plarad DPA with automatic 2-speed gearbox. Their low-vibration technology protects users' muscles and joints, effectively preventing the development of HAVS (Hand-Arm Vibration Syndrome). Their extremely light weight and sophisticated ergonomic profile ensure excellent handling.
